DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Wood (Reg#42,236) on 12/11/2008.

IN THE CLAIMS

Please cancel claims 109-116.

109-116 (**Cancelled**).

Information Disclosure Statement

The information disclosure statements (IDS) that were submitted on 12/05/2008 and 10/06/2006 are in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner is considering the information disclosure statement.

Allowable Subject Matter

Claims 1-2, 4, 9-25, 30-37, 43-59, 64-68 and 107 are allowed over the prior art of record as presented in the 10/24/2008 reply.

The following is an examiner's statement of reasons for allowance: The claims in this application have been allowed because the prior art of record fails to disclose either singly or in combination the claimed device of an apparatus and method for dispensing flexible such as infusion tubing for portable medical

Art Unit: 3763

devices. One example apparatus for dispensing flexible conduit includes a flexible conduit housing, a cover and a base with the base having an opening for receiving the flexible conduit. The apparatus also includes an interface for mounting the housing and the flexible conduit housing includes a locking mechanism and winding mechanism to dispense the conduit to a fixable variable length.

The closest prior art of record is Dragon (USPN5,236,143), however this reference does not disclose the device as claimed or described above.

Regarding claims 1, 24, 35, 58 and 107, the closest prior art of record fails to teach among all the limitations or render obvious the tubing locking mechanism comprising a friction retainer element or the manual winding mechanism comprising a grasping mechanism.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher D. Koharski whose telephone number is 571-272-7230. The examiner can normally be reached on 7:30am to 4:00pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nick Lucchesi can be reached on 571-272-4977. The fax
